

Global Private Clients & Family Office Services

Just like multinational companies need tax advisers to structure and manage their taxes across different jurisdictions, high net-worth individuals can rely on WTS Global's experts to support them in making optimal decisions related to their wealth from a civil law and tax perspective, both domestically and internationally.

Due to their international lifestyle, high-net-worth individuals face the challenge of dealing with different

tax and legal systems that are in constant change and may not interact smoothly. Our globally connected network of local tax experts offers the right go-to persons to help you tackle such challenges. Our highly qualified tax advisors and tax lawyers are your long-term partners who will provide you with customized solutions in national and cross-border situations.
