Our Plus for YOU.

You represent an accelerator, incubator, incubator center or university initiative for startups and are looking for a professional sidekick for the topics tax, legal, advisory and digitalization? Then get in touch with us! We organize these pro bono formats for you:

Workshops & lectures

Do you want your founders to be brought up to date with the latest case law on a topic related to labor law or taxation? We provide expert speakers and organize workshops, lectures and presentations for 20 participants or more.

Professional Advisor for your pool of experts

The founders you support are facing a groundbreaking decision? We provide one of our consultants as a central contact person who gives initial guidance.

Panel discussions

Two of your startups are facing a similar challenge and would like to discuss it with experts and other startups in a panel discussion? We set the stage, organize the event and provide internal and external experts for the panel.

Networking evenings

You want to get to know us and our network? Then drop by, at one of our networking evenings and meet other founders, investors, business angels and company representatives and expand your network!
